

Welcome to our information sheet "How it Works"

Ohio Digital Photos www.ohiodigitalphotos.com

Let the professionals capture the moment or the event your child has worked so hard on. You can watch the event without spending the entire time behind your camera.

It is a very simple process. We come to your event, photograph it, and upload the photos to our secure site. Within 24 hours you can go to our website (www.ohiodigitalphotos.com) and view the results by selecting **VIEWING GALLERY**.

HOW IT WORKS: Click on the link that says: **Click here to Enter our Viewing Gallery.**
(To experience the best possible viewing, we recommend a high speed connection and you should have Flash Player 6.0 or higher. There is a link to download it to your system if you do not have it.)

Here's how you can then place your order directly from the comfort of your home:

First, select the **SIGN IN button** (located on the top right of the screen). Next select the **REGISTER BUTTON**. Fill out the form with your email address and a password of your choice. Make sure you put what event you want to view. We have many directories that are password protected. After you submit, you will get a confirmation from OHIO DIGITAL PHOTOS. You can log back on and select the SIGN IN button, put in your email address and password. This allows you to use our **LIGHT BOX FEATURE**. (A light box is a special area where you will keep the photos that you like best. This also allows you to choose which photos to buy.)

Next, go to **GALLERY** (located in the top left corner of your screen). Your private directory will pop up or scroll down to **CLIENT PROJECTS** and select your event. This will then open up to your event and shows you 84 images per page. Your event might have 3-7 pages to view. You can switch between pages by selecting the numbered page on the right. Using your mouse, click over a photo to view it larger or double click over the photo to enlarge it even more.

Now, you can do a couple of things. Add the photo to your LIGHT BOX for future purchases (select the IMAGE MENU button and ADD TO LIGHT BOX) or go through the photos in a slide show format where you can control the speed of the slide show. Or, if you like the photo and that is the one for you, just select the **VIEW OPTIONS AND PRICES blue button**. This will take you to our PAY PAL account and allow you to choose the size and quantity you want and the price you will be charged.

You can now complete the process for checkout. The site allows for **VISA, MC, AMERICAN EXPRESS and PAYPAL**. We will process your image(s) from the **ORIGINAL FILES** that were taken. You will receive the printed photos within 4-7 business days.

So, sit back and enjoy! Let the professionals at **Ohio Digital Photos** do the work for you. Enjoy the event. We have enjoyed photographing it for you.

NOTE : Our images have been reduced in size, resolution, and quality for internet viewing. Purchased prints come from the originals which are of much higher resolution and quality. Our Ohio Digital Photos watermark on the website images will also be removed for all purchased prints. Prior to printing, all purchased digital images are professionally enhanced by Ohio Digital Photos Image Department, including color enhancement, zooming in and adjusting brightness.
